

Speciality: Energetics engineering

University: Sumgayit State University

Faculty: Physics and electroenergetics

Study: level Bachelor

Duration of studies (semesters-years): 8 semesters-4 years

Availability of specialisation: electrician, power provision

Availability of foundation year: yes

Language(s) of instruction: Azerbaijani

Qualification: Energetics engineering

Minimum requirements:

Application form addressed to the University Management, indicating speciality, study level, academic year and study form;

Appropriately legalised (or supplied with Apostille) relevant document indicating relevant study level and records for all years and its notarized copy in Azerbaijani language;

Notarized copy of the Passport or other border crossing document;

Notarized copy of the Identity Document;

Six photos sized 3 x 4 cm;

Reference certifying that the person is not carrier of a virus of any disease included in the list of dangerous infectious diseases (Human Immunodeficiency Virus Infection, Hepatitis B and Hepatitis C) approved by the relevant executive authority;

Proof of Language Proficiency (if available);

Copies of the Certificates, Diplomas and other relevant documents (if available).

Short description of the study programme:

The specialty education program includes the humanities, vocational training, elective courses, internships and final attestation. The total number of credits is 240, the full-time tuition is 30 semesters, and the weekly workload is 24 academic hours. If part-time education is selected (partial involvement in education) (minimum 2 subjects), the number of credits earned and weekly class hours may be less.

Energetika mühəndisliyi üzrə bakalavr proqramını mənimsəyən məzun elektrik və istilik enerjisinin istehsalı, ötürülməsi və paylanması ilə məşğul ola biləcək geniş profilli bir mütəxəssisdir. Məzunlar elektrik stansiyalar və yarımstansiyalarında, sənaye müəssisələrinin və yaşayış binalarının enerji təchizatı (istilik və elektrik), alternativ enerji istehsalı sahəsində işləyə bilərlər.

In one academic year, a student takes 3 colloquiums on each subject in each semester, and an exam at the end of each semester. According to the current rules, a student who fails the exam can retake the exam in only 2 subjects.

Fees: 1400 USD

Admission stages:

- Fulfillment of application form by the foreign student
- Submission of invitation letter by the University for eligible applicants
- Payment of tuition fee
- Visa procedures
- Registration of students by presenting the documents to the University
- Interviewing

Deadline is September 15.
