

## **SUMGAYIT STATE UNIVERSITY (SSU) PREVENTION POLICY ON HUMAN TRAFFICKING**

*This policy notes that our main aim is taking all possible measures in order to guarantee that no human trafficking form in our modern society. As the community related to SSU will strive for this purpose.*

### **Goal:**

*Our goal is about educating students on human trafficking awareness and prevention. Therefor our policy takes into consideration some issues, such as trainings that provide our students with information.*

**The statement of SSU**

*The student centers at the university organize trainings and student programs on the recognition and prevention of human trafficking. All the students can derive benefit from these programs annually and they can be an active participant in the process of organizing trainings.*

**Human trafficking:**

- *Labor trafficking includes work extorted from the people who are not disposed to do it.*
- *Child labor includes the children working under harsh conditions that is harmful for their health and future.*

**Commitments:**

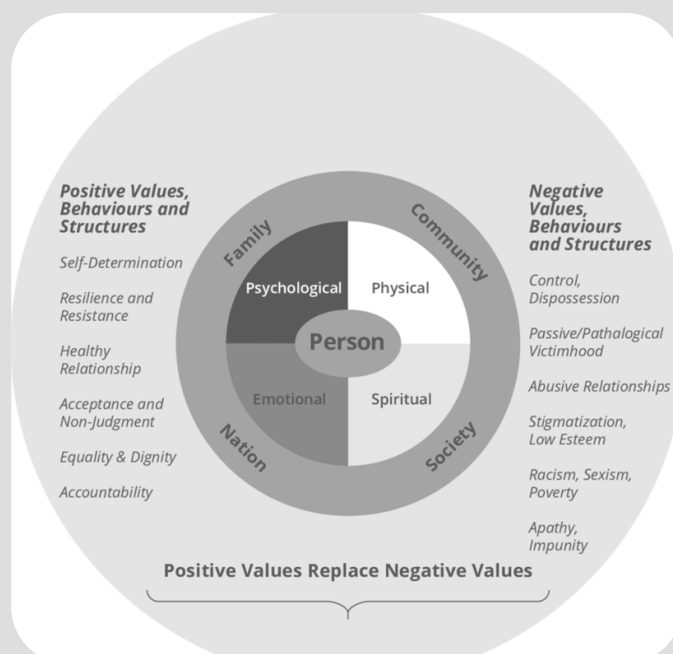

**Compliance:**  
*SSU always supports national and international laws and regulations which allow to cope with such problems.*

**Social responsibility:**  
*SSU is always aware of its responsibility in order to server social order and sustainability.*

**Mechanisms:**  
*SSU has formed a reliable centers where students can rely their troubles in any issues. All concerns will be taken into consideration.*

### What can we do?

- **Implement regulations related to the problem;**
- **Arrange awareness programs and seminars about the exact problem among the students;**
- **Spread educational information on laws, centers that are engaged in human trafficking prevention.**
- **Connect with victims and give support as much as possible.**

### Measures:

*Some strategies and actions aimed at preventing human trafficking containing law enforcement efforts.*

*Providing inquiring anti-trafficking actions and situations to relevant authorized individuals.*
