**Short description of the study programme:**

The specialty education program includes the humanities, vocational training, elective courses, internships and final attestation. The total number of credits is 240, the full-time tuition is 30 semesters, and the weekly workload is 24 academic hours. If part-time education is selected (partial involvement in education) (minimum 2 subjects), the number of credits earned and weekly class hours may be less.

Bachelors in History may be involved in professional activities in scientific research, practical activities, etc. areas. As a result of mastering the educational program, students acquire skills such as access to specialized knowledge, professional activities in enterprises and organizations, basic features of the history of the development of historical knowledge, types of historical sources, and critical mechanisms for their approach. Graduates with a degree in History may work in public institutions, archives, science and education institutions, advisory centres, and political-oriented structures.

In one academic year, a student takes 3 colloquiums on each subject in each semester, and an exam at the end of each semester. According to the current rules, a student who fails the exam can retake the exam in only 2 subjects.
